

GPS VEHICLE TRACKER VG08

1. Pictures

2. Features:

- 1) 1920*1080P FULL HD camera
- 2) Support up to 128GB TF card, able to store over 16 hours real-time video
- 3) Real time tracking at intervals;
- 4) Recover data from signal blind zone;
- 5) Remotely take photo from tracking platform;
- 6) Record urgent video when crash;
- 7) Ignition Status;
- 8) Mileage Statistics;
- 9) Overspeed alarm;
- 10) External power disconnected alarm;
- 11) Geo-fence alarm;
- 12) History playback;
- 13) Reports statistics;
- 14) Remotely update firmware;

3. Specification:

Items	Parameters
Size	111mm × 60mm × 51mm
Storage	Support minmum 4GB, and up to 128GB TF card
Voice	Recordable
Audio Format	PCM
G-Sensor	GMA305KU, detect vibration
Camera Lens	4G/F2.4/140 degree wide range
LED	Red, Blue (working status)
Image Format	JPG
Video Format	H.264 (video coding)
Video Pixels	1920*1080
Video Frame Rate	30fps
Working Voltage	10VDC~36VDC
Working Current	160mA
Network	GPRS/TCP
SIM Card	Micro SIM
Locate Mode	GPS/LBS
Location Accuracy	5-10m
Working Temperature	-25℃~75℃
Storage Temperature	-40℃~85℃
Battery	0.5 hours standby
Expanding Cables	3M
